28 APRIL/LEEDS

FB HERO AWARD SPONSORSHIP

FB HERO AWARD £2,500_{+VAT}

Select your chosen award from the categories below

We have lived and worked through exceptional and worrying times during the worldwide COVID-19 pandemic. Yorkshire business leaders and employees have shown outstanding response and this exceptional contribution and resilience shown by so many organisations and individuals across Yorkshire and indeed the UK must be formally recognised and celebrated!

The FB Hero Awards is a unique public platform for employers to thank and honour their employees for going the extra mile and for their outstanding contribution throughout critical and uncertain times. Organisations will be awarded and recognised for the care and support shown to their people, contribution to society and for their proven strength and abilities to be successful even through a worldwide pandemic.

FB Hero Awards are created to raise up people and are not your typical business awards of which there are many. We highlight and shout out about the unsung heroes, the amazing contribution, and achievements of great teams, we praise employees who have gone the extra mile and shine a light on outstanding business leaders who are making a huge difference and leading the way!
